Natural Stone Mosaic *Collection*

Stone source. Manufacturing. Your project.

Authentic natural stone. Direct manufacturing access. A collection built for enduring interiors, hospitality, residential and bespoke architectural work.

Cover image: SL-001 - exact original project photograph

Made by nature. Crafted for projects.

Stone Life presents authentic natural stone mosaics and dimensional pieces with real material character. Each texture, tone and finish is unique—curated to spark ideas and create a strong, reliable starting point for meaningful client conversations and beautiful spaces.

Curated. Natural. Versatile.

A refined selection of mosaics, dimensional pieces and patterns—ready to adapt to real projects.

Soft, beautiful, architectural —
and undeniably real.

Natural stone. Crafted possibilities.

StoneLIFE is a real natural stone mosaic collection—never flexible stone. Each piece is cut from authentic stone, carefully sourced, expertly crafted, and made to elevate distinctive spaces.

AUTHENTIC MATERIAL

Real natural stone.
No compromises.

DIRECT SOURCE

Ethically sourced.
Quality you can trust.

MANUFACTURING KNOW-HOW

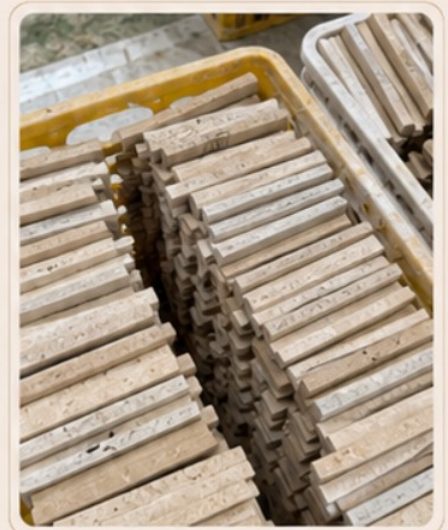

Precision craftsmanship.
Consistent excellence.

PROJECT SUPPORT

From concept to completion.
We're with you.

This catalog showcases only a selection of what's possible. Let's create something extraordinary together.

StoneLIFE by Canatech Solutions.

Real stone. Real craftsmanship. Real possibilities.

Canatech Solutions • Hong Kong • studio@canatech.ai

From stone source to sculpted form

Authentic material. Natural beauty. Purposeful design.

Every piece begins its journey in nature.

Responsibly selected for its integrity, veining, and character.

From raw stone to refined element—crafted with care, shaped by skilled hands.

Responsibly sourced

We work closely with trusted quarries and suppliers to source natural stone with integrity and respect for people and the planet.

The first stage of transformation

Carefully cut and sorted, each piece reveals the natural patterns and tones that will define its final form.

Canatech Solutions • Hong Kong • studio@canatech.ai

Precision in every profile.

Cut with intention. Shaped by skill. Finished to last.

From raw stone to refined detail — every piece is shaped with precision and inspected with care.
Quality you can see. Craft you can trust.

SHAPED COMPONENTS

Stone is cut and profiled with precision to create consistent, high-quality components.

FINISHED ELEMENTS

Each piece is refined and finished to highlight the natural beauty and texture of real stone.

SURFACE MODULES

Components are assembled into elegant surface modules, ready to bring your design vision to life.

Canatech Solutions • Hong Kong • studio@canatech.ai

Start with the material.

This catalogue groups stones by visual family to help you begin with the material and refine patterns afterward.

Ivory /
White

Light, clean and timeless tones that open up any space.

Beige /
Travertine

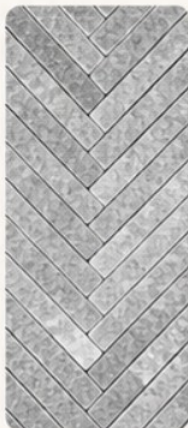

Warm, natural and inviting. Effortless classic appeal.

Green

Fresh, organic and calming. Brings nature indoors.

Grey

Balanced, versatile and sophisticated. A modern foundation.

Titanium

Cool, refined and contemporary. Sleek with subtle depth.

Charcoal

Bold, dramatic and grounded. Adds strength and contrast.

STRATEGIC NOTE

Begin with the material family that aligns with your concept. You can then explore patterns, finishes and tonal variations.

The real material.

No imitation required.

StoneLIFE is built around a simple idea: when a project calls for natural character, the material should be genuinely natural. Flexible stone and printed alternatives can be useful when light weight and installation speed are the priority. StoneLIFE is positioned for projects that value permanence, depth, natural variation and the unmistakable presence of real stone.

AUTHENTIC

Real stone brings genuine mineral variation, texture and aging that imitation materials cannot reproduce.

DIRECT

Through Canatech Solutions, sourcing and manufacturing are coordinated close to the source - reducing unnecessary layers between concept and production.

TIMELESS

Natural stone is selected for projects intended to last. It develops character rather than becoming visually disposable.

Luxury is the material, not the markup.

Direct sourcing helps make authentic stone a viable design choice - without using imitation as the default substitute.

Real stone. Real possibilities. Real partnership.

The catalogue is the starting point.

Not the limit.

The collection contains a wide range of existing patterns, profiles and shapes, but custom development remains open whenever a project calls for something different. Clients can bring an idea, drawing, reference, proportion or color direction and our team can review what is technically achievable in natural stone.

1. Start with an idea

Send a sketch, image, CAD reference, dimensions or design intent.

2. Select the material direction

Existing stone colors can be used, combined or adapted subject to availability and natural variation.

3. Review pattern + tooling

If a new mold or die is required, tooling is assessed for that specific design.

4. Confirm MOQ + economics

Tooling may be charged separately, or absorbed when the order quantity is sufficient. MOQ and tooling are confirmed case by case after concept review.

Design flexibility, without calling the material "flexible stone".

StoneLIFE is genuine natural stone. Our flexibility is in the design process: pattern, color combination, finish, scale and development approach.

Linear & Rounded Profiles

Texture. Rhythm. Natural variation.

Our linear and rounded stone profiles bring depth, movement, and elegance to walls, backsplashes, and architectural details. Crafted from real stone with precision and care.

Beige Rounded Profile

Green Rounded Profile

Ivory Linear Profile

Travertine Ribbed Profile

Green Marble Linear Profile

Charcoal Linear Profile

Dimensional Collection

Depth. Relief. Tactile natural surfaces.

Sculpted, layered, and dimensional stone elements that bring texture and depth to walls, façades, and architectural details.

Dimension Block

Bold form. Natural strength.

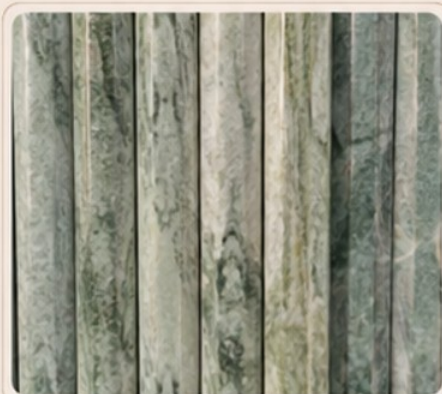

Sculpted Edge

Refined contours. Distinctive details.

Layered Green Stone

Organic layers. Rich character.

Architectural Profile

Structured relief. Timeless lines.

Linear Relief

Clean geometry. Subtle shadow.

Geometric Decorative

Patterns with purpose. Designed to define.

Strong geometry. Timeless repetition.
Our geometric mosaics bring structure,
balance, and architectural character to
every space.

Hexagon

Classic hexagon tiles.
Balanced, versatile, enduring.

Elongated Hexagon

A modern stretch on tradition.
Dynamic and distinctive.

Stacked Brick

Clean repetition.
Sleek lines with subtle depth.

Rectangular Strip

Linear and refined.
Ideal for rhythm and flow.

Stacked Hex

Angular stacking.
Bold shape, modern edge.

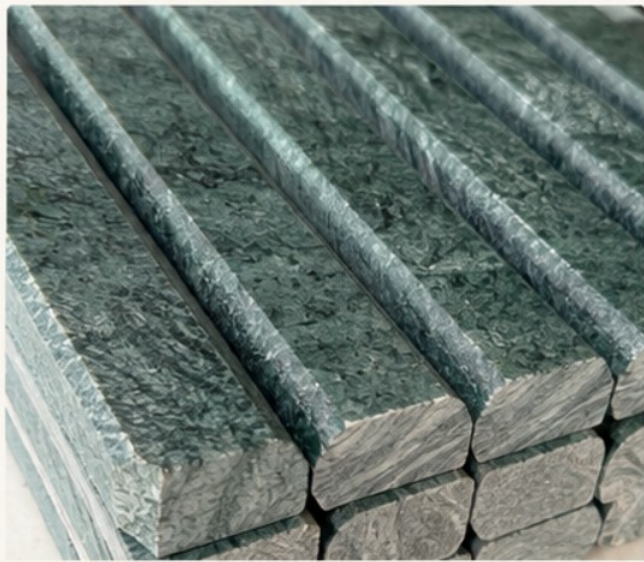

Split Hexagon

Organic movement.
A geometric twist on nature.

Sculpted Collection

RICHER TEXTURES. TIMELESS EXPRESSION.

Sculpted profiles add rhythm, depth and tactile dimension. Each piece is shaped from natural stone to elevate surface expression with quiet sophistication.

Deep Green Sculpted

Rich tone, natural veining and a chiseled profile.

Titanium Grey Fluted

Clean fluted lines with a refined, modern feel.

Grey Porous Sculpted

Natural pores and texture for organic character.

Warm Beige Rounded

Softly rounded profile in a warm, inviting tone.

Custom possibilities

Your idea. Our expertise.
Real natural stone.

Many existing options

We offer a wide range of proven patterns and shapes in real natural stone.

Custom development

Have a unique idea? We can develop new designs based on your concept and technical requirements.

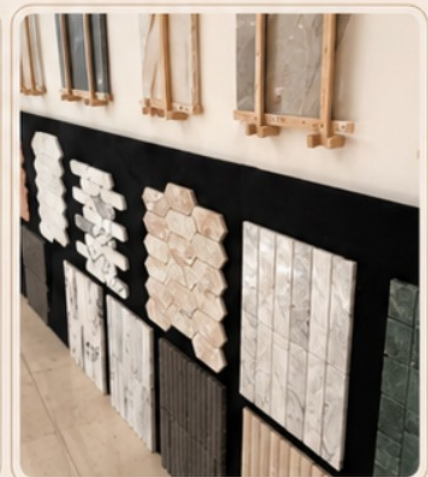

Tooling & charges

Molds and dies may involve additional charges, depending on the pattern complexity and whether the MOQ is high enough to absorb tooling.

MOQ & conditions

Final MOQ and tooling conditions depend on the selected design and can only be confirmed after we review your concept.

Real natural stone

All StoneLIFE mosaics are made of real natural stone—never flexible stone.

Premium
quality

Timeless
beauty

Built to
last

StoneLIFE

CANATECH
SOLUTIONS

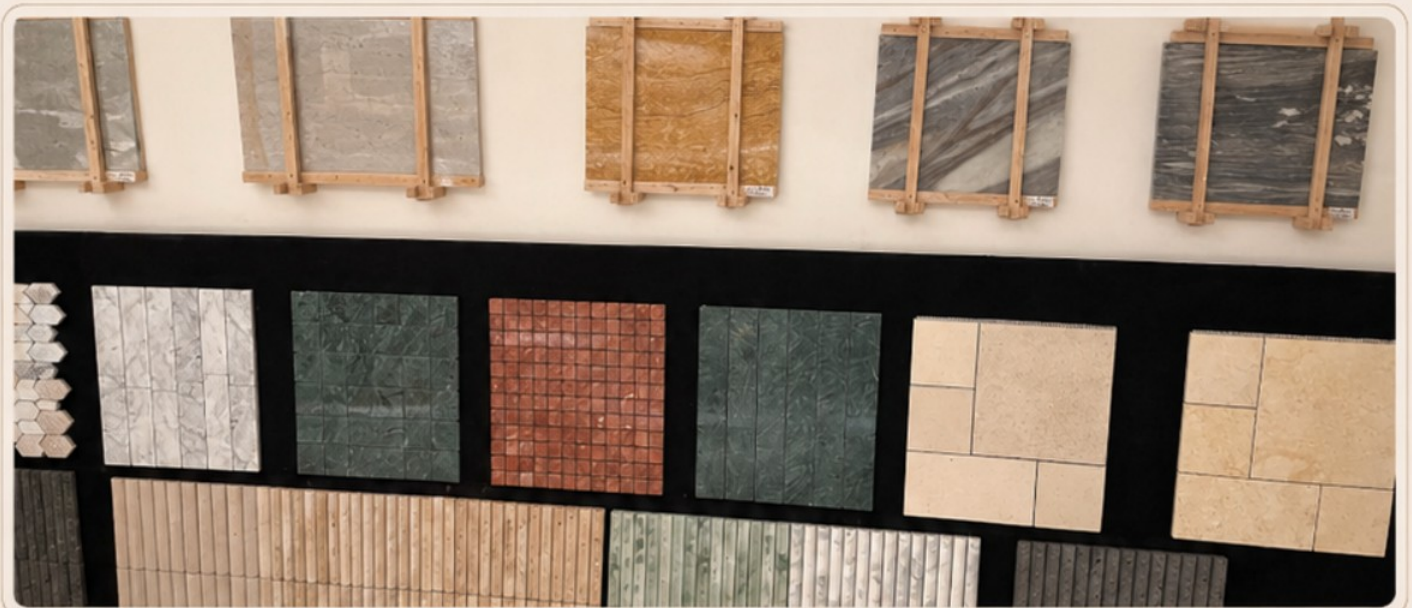

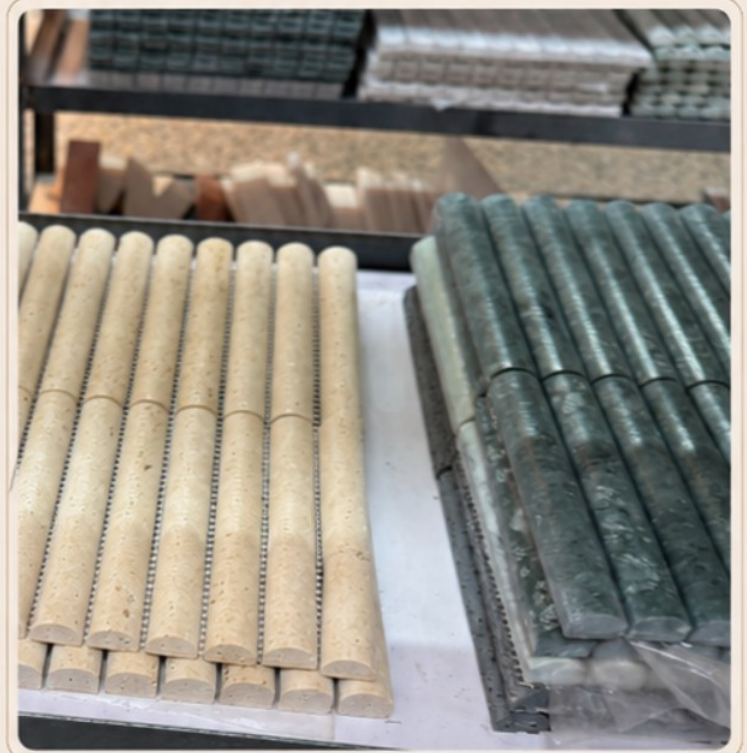

Bring your concept to life

Share your vision. Let's create
something enduring together.

From refined finishes to bespoke patterns,
we're here to help shape every detail.
Whether you have a clear plan or are
still exploring ideas, our team is ready to
collaborate on sourcing, development,
and production.

Let's start the conversation.

Canatech Solutions • Hong Kong • studio@canatech.ai

Bring your concept to life.

Stone source. Manufacturing. Your project.

StoneLIFE is designed as a working collection for architects, designers, developers, hospitality groups, builders and distributors who want access to real stone with flexible development support. Share the project intent and we can review suitable patterns, stone colors, finishes, dimensions, custom options, MOQ and tooling requirements.

Authenticity first.

The photographs in this edition are original project photographs supplied for this catalogue. They have not been AI-reconstructed. In the layout, they are only scaled proportionally to fit the page.

Canatech Solutions

Hong Kong-based sourcing & manufacturing partner

StoneLIFE | Natural Stone Mosaic Collection

Stone Life

From natural beauty to lasting impact.

AUTHENTIC MATERIAL. DIRECT SOURCE.
DESIGN FREEDOM. PROJECT SUCCESS.

Stone Life is more than a mosaic collection — it is a complete solution built on real stone, global resources and manufacturing expertise. We connect inspiration to implementation.

AUTHENTIC MATERIAL

Real stone, naturally beautiful and built to endure.

DIRECT SOURCE ACCESS

Global quarries.
Reliable supply.
Consistent quality.

MANUFACTURING KNOW-HOW

Skilled craftsmanship.
Process control.
Project-scale delivery.

IDEA TO PROJECT

From concept to completion, we support you every step of the way.

01 SOURCE

Carefully selected natural stone from trusted quarries.

02 CRAFT

Precision cutting, mosaics assembly and quality control in-house.

03 CREATE

Curated expressions that elevate spaces and endure over time.

Flexible by design. Simple for you.

Many patterns and forms already exist across our collections. If you envision something new, we can develop it together. Mold, die, MOQ and tooling requirements are evaluated only after your idea and specifications are confirmed.

More possibilities. Real stone. Real support.

SOURCING & PROJECT SUPPORT

Canatech Solutions

Global stone sourcing. Manufacturing coordination. Project success.

Source Image Audit

This catalogue contains **80 original source photographs**. The cover uses IMG_1363.jpeg exactly as supplied. No generated image is used as a product photograph. Each source image appears once in the catalogue; images are scaled proportionally without cropping or stretching.
